

ANNOUNCEMENT - POINTING LABS AVAILABLE SEPTEMBER 29, 2017

Team All American Upland and Ka-Tonka Game Preserve would like to announce the breeding of our dog, Switch, to Jet Eclipse, owned by Bill Ernst. Ka-Tonka's Switchin' Up the Game (Switch) was sired by HPK's Mr. Bo Jangles and her dam was Northstars Flying High Jetta. Switch has a CPR title with APLA and has placed in the top 3 at several UFTA field trials in her still-young field trial career. If anyone has had the pleasure to hunt behind Switch at the Game Preserve, you know she's got it all! She's got that switch to go from wild hunting to tournament hunting, doing her job with style and pride. She's got a nose that will find a bird on the worst of scenting condition days and straight tail points just like the best of them. She was trained by K&L Kennels and was a very trainable pup. She weighs 55 lbs and she also makes a great inside pet when she's not hunting! Switch is OFA good, EIC and CNM clear.

Jet Eclipse (Jet) is a 1.5 x Grand Master Pointer Retriever with APLA and he's a BHU National pointing champion as well as BOTH the 2016 BHU Missouri State pointing and flushing division champion. A dog that can win in the pointing division and then go right to the flushing field and take that division as well is the real deal! Jet's sire was Pennell's Jackson Deuce (Jack) SH and his dam was Black Ice Envy SH. Jet earned his GMPR titles at 10 months of age and his CPR title with the APLA at just 5 months of age. Jet is tri-factored, has OFA good hips and is CNM and EIC clear. Jet was also trained at K&L Kennels. He is an undisputable great tournament dog that plays and wins both the pointing and flushing divisions. Jet is an amazing animal that lives in the house with 3 other dogs, making him the perfect pet, as well as an undeniable all-star hunter.

We have black and yellow pups. They will be ready to go home at 8 weeks, which will be September 29, 2017. This is perfect timing for these little pups to be acclimated to the real world of hunting this Fall! The potential for this litter with field trial and wild hunting is unlimited! Price is \$1200 a pup. Deposits are \$300 and we'll be starting with #6 as we've already taken 5 deposits. These pups will not last long! Give Dan Piel a call @ 314-220-5935.

SIRE: JET

DAM: SWITCH

PUPPIES – AVAILABLE 9/29/17
